

CARNIVAL SHOW DURING FAIR IS TO BE OPPOSED

Fair Management Contends Downtown Shows Would Injure Concessions.

NIGHT PERFORMANCES MAY BE ARRANGED

Commercial Club Urged to Cooperate in Giving the Fair Full Support.

That the proposed plan for a triple carnival on the downtown and Haarig business streets to be run nights during Fair week under auspices of the Commercial Club, will be abandoned in favor of a free show or entertainment at the Fairgrounds in co-operation with the Fair Association, yesterday became apparent when it was pointed out that a downtown show would conflict with the fair plans.

A conference will be held soon between the Entertainment Committee of the Commercial Club which first sought to place the carnivals downtown, and a committee from the Board of Directors of the Fair Association.

At this conference, the plans for a joint entertainment at the Fairgrounds on each night of the fair will be perfected and arrangements made for financing it. It is anticipated that the concessions in the midway will be run at night at the fair and an additional free show, such as a fireworks display or open moving picture show.

The Fair Board has had under consideration all the time a plan for a night show at the Fairgrounds. If the Commercial Club determines to join in this entertainment, a night admission fee of probably 15 cents will be charged at the gates permitting persons to enter the grounds.

There all features of the fair except some exhibits, races, and live stock judging will be open in addition to the special entertainment.

The fair association may have a fireworks display from the west side of the lake on the inside of the race track. The Commercial Club, it is pointed out may co-operate in staging and arranging this feature.

In sundry other ways the Commercial Club could co-operate to make the night entertainment successful, it is pointed out.

When the proposal to place carnival companies on Spanish street and Broadway downtown and on Good Hope street in Haarig to afford the entertainment for the crowds at night during the fair, first was made public, the members of the Fair Board pointed out that it would lead to a constant conflict. The carnival companies could not be forced to remain closed, the fair men think, in the afternoons when the fair is in progress, and in the evening they would attract the crowds from the night entertainment projected at the Fairgrounds.

The proposition of taking the Commercial Club's carnival companies out to the Fairgrounds then was taken up. An investigation was made and room for such carnivals is found inside the race track near the grand stand.

However, it is pointed out that with a very few exceptions, the carnival that the Commercial Club would furnish is virtually identical with concessions that will be found on the midway in the fair itself.

That consideration makes it unnecessary for the Commercial Club to introduce additional carnival companies. It is believed that the Commercial Club may co-operate to a better advantage in helping to stage another kind of general show, and at the same time an arrangement may be perfected whereby the club would share in the proceeds through their work.

Secretary J. T. Nunn Jr., today will depart to Murphysville, Ill., where he expects to schedule several entries in the fair and also make Harrisburg, Ill., before going to St. Louis. He will return to the Cape Friday.

President Charles Blattner appointed Clyde A. Vandivort, W. C. Bahn, John L. Miller, D. A. Glenn and Secretary Nunn to attend the proposed conference with the Commercial Club representatives. The club will be represented by Will Bergman, A. M. Tinsley, W. H. Bohnsack Jr., J. T. Nunn Sr. and Sam Sherman.

President Blattner yesterday said that since the catalogs of the fair premiums have been distributed, he has heard considerable complaint from the farmers against the ruling of the

Rat Trap Nabs Dishwasher As He Mops Floor

"Scrubby" Hagen's Foot is Taken From Snare And Hand is Caught by Trap.

Arthur (Scrubby) Hagen, a dishwasher at the Crescent Lunch Room, was trapped last night. A large steel trap, set for a rodent that had been raiding the cheese box, snapped shut on "Scrubby's" right foot, and it required five minutes to extricate him.

Hagen won the nickname of "Scrubby" because of the nature of his work. Officially speaking, he is a dishwasher, but that isn't all he does. When there is a lull in the dishwashing business, he makes himself generally useful.

Sometimes he changes the table cloths and sometimes he entertains himself by shoving the mop across the floor. It was while he was giving the floor a sponge bath last night that "Scrubby" was captured by the rat trap.

In order to keep from "tracking up" the floor as he finished scrubbing, Hagen found it convenient to reverse and back across the room, mopping the floor as he went. He was equipped with "blind lights" on the rear, as an autoist would say, and therefore did not recognize the danger.

He was swinging the mop across the floor vigorously when he stepped into the trap and it closed upon his right foot with a snap. "Ouch!" howled the captive, "this rat trap has gipped my hoof. Send for the police."

Robert Wilson, night manager, cautioned Hagen to be calm and he would help to liberate him. Procuring a heavy piece of timber, Wilson forced it between the jaws of the trap and then turned it edgewise. This opened the trap wide enough for Hagen to remove his foot.

When he realized that he was not hurt, Hagen began a thorough examination of the trap to ascertain, if he could, just how he was caught. While tampering with it, the jaws opened and his right hand was caught. He again sent out the distress signal, to which Wilson again responded.

When Hagen was set free for the second time, he announced that he would never speak to a rat trap again.

board that no pass-out checks will be given at the gate. In former years pass out checks have been sold outside the gate by dead-beats, he said, and the rule was made to get rid of their manipulations. He said that some arrangements will be made to take care of the farmer who wants to leave the grounds for a part of the day without making him pay a second admission when he returns.

D. L. HAWKINS' WIDOW IS NEAR DEATH IN CAPE

Wife of Assistant Secretary of Interior under Cleveland Very Low.

CHILDREN GATHER AT BEDSIDE OF PIONEER

Woman 76 Years Old, is Suffering From Complication of Diseases.

Mrs. D. L. Hawkins, wife of the late Judge David L. Hawkins, who was assistant secretary of the Interior under President Grover Cleveland, is dangerously ill at the home of her daughter, Mrs. R. H. Schultz, at 318 North Middle street.

Mrs. Hawkins within the last few hours has suffered a sinking spell so severe that she is expected to live but a short time longer.

Within the last few days her condition became so grave that all of her children and close relatives were notified to come to the Cape to be at her bedside. All of her children now are in the Cape as well as two sisters.

Mrs. Hawkins has been suffering for some time with a complication of heart trouble and old age diseases. She is 76 years old. For several months she has lived at the Schultz home on Middle street.

Dr. W. C. Patton and Dr. F. G. Rea, for the last few hours have been in almost constant attendance at Mrs. Hawkins' bedside, but chances of her recovery virtually have been abandoned.

The children who have been at her bedside in response to the summons sent some time ago are: Charles W. Hawkins, who now is situated in Texas; Mrs. Chris F. Betten, wife of C. F. Betten of the C. G. & N.; Mrs. Jennie Argo, of Los Angeles; Albert A. Hawkins, commercial agent for the Frisco, located at Little Rock, Ark., and Mrs. Schultz.

Mrs. Florence Boone is a granddaughter of Mrs. Hawkins.

A sister, Mrs. E. A. Kimmel, of Illinois, also is in the Cape, and on the early morning train from St. Louis, Mrs. Julia Kay arrived in response to the same summons. She is a sister.

Her illness has been serious all summer, and several days ago she suffered two sinking spells. The members of the family became alarmed, but Mrs. Hawkins recovered from each and the family hoped that she was out of danger.

When the third sinking spell set in, they immediately became alarmed and sent the word to her children.

Mrs. Hawkins has lived most of her life in and around the Cape. Her husband has been dead about 14 years. Several years ago, after the couple returned to Missouri at the close of Cleveland's administration and Judge Hawkins retired from the position as assistant secretary of the Interior, they went on the Judge's farm in Scott County, a few miles from Blodgett, Mo.

After the Judge's death, however, Mrs. Hawkins has been living in the Cape.

"BUDDIE" HAGAR IS LOCKED IN THEATRE

Mascot Falls Asleep And is Left in Seat—Liberated Through Window.

"Buddie" Hagar, 10 year old, known as the mascot of Sam Sherman and Frank Kimmel, fell asleep in the Park Theater during the performance last night and was locked in until midnight.

His release was brought about by Frank Neal, who discovered the lad's predicament while passing the theater building. Neal heard a commotion at the window of the playhouse, and upon investigating, could hear "Buddie" calling, "Mamma! Mamma!"

He attempted to open the door, but found it securely locked. He then urged the youth to unhook the window on the inside of the building. After several futile efforts, "Buddie" succeeded. He then climbed through the aperture.

Once upon the outside, he refused to be interviewed, but ran away in the direction of his home.

Neal and George Tallent, a barber, were passing the building together, when they were attracted by "Buddie" pounding on the window. He told them between sobs that he had fallen asleep and when awakened he found the building dark.

"I want to go home to mamma; let me out of here," he wailed when they questioned him further. He was crying loudly when he climbed through the window and started home.

NEARLY ALL DEPARTMENT AT ACADEMY CHANGED

Daniels Refuses to Say Whether It Is Direct Result of Recent Investigation.

Washington, Sept. 8.—Secretary Daniels today announced a general reorganization of the forces of the Naval Academy at Annapolis. Heads of nearly all departments were ordered attached for duty elsewhere, the changes to be effective Sept. 20.

"We have changed most of the heads of the departments who have been on duty at the Naval Academy two years or more," Secretary Daniels said.

Officers who have been there less than two years have not been changed except in the case of Commander F. A. Trout, who takes command of the battleship Wisconsin. The Secretary declined to say whether the reorganization was a direct result of the recent investigation of affairs at the academy which grew out of dismissal of cadets on charges of cribbing at examinations and hazing.

FINDS MAN UNDER HIS WIFE'S BED

Chaffee Man Threatens to Shoot Submarine Artist and is Arrested.

When Elmer Gordon, of Chaffee, last night went to the room at the Riverview Hotel occupied by his wife, Mrs. Grace Gordon, and her companion, Mrs. A. Graver, he found an unidentified man hidden beneath the bed. The man got out and fled from the hotel after Gordon had threatened him with a revolver.

Gordon subsequently was arrested by Patrolman Whitener for carrying a concealed weapon and flourishing it.

Mrs. Gordon and her companion had come to the Cape earlier in the day. They registered at the Riverview and when Gordon got to his home in Chaffee, on finding that his wife had gone, he began making inquiries as to her whereabouts.

Gordon is an employe in the Frisco shops in Chaffee.

He learned that his wife had come to the Cape, whereupon he hired an automobile to bring him over to the Cape for a search of the city for her. On his arrival here, he began searching the various hotels. He did not arrive in town till late at night and it was after 11 o'clock when he found his wife's name on the register at the Riverview.

He immediately was shown to the room she occupied with Mrs. Graver. On explaining who he was, Mrs. Gordon admitted her husband to the room. After he talked to his wife a few moments, he saw a man's foot sticking out from under the foot of the bed.

Gordon investigated, and drawing his revolver, began threatening the unidentified man's life. The man quickly explained he had crawled in there before anyone had been assigned to the room or it had been occupied by the two women.

He was allowed to leave and subsequently Gordon told on the street of the threat and flourish he had made with his weapon. He was arrested while he was walking on Broadway with the revolver in his trousers pocket and his hand on the trigger.

After Gordon had discovered the man under his wife's bed, he took her out of the hotel and obtained another room for her at the Prescott House on Main St. Following his arrest, however, the wife returned to the Riverview, where she put in the remainder of the night with her companion.

ARABIC SUNK BY TORPEDO AS ACT OF SELF DEFENSE

Germany Tells United States Submarine Commander Thought Liner Was Preparing to Attack His Ship and He Fired.

GOVERNMENT SORRY AMERICANS LOST THEIR LIVES BY TRAGEDY

Berlin Asks That Question of Reparation be Sent to the Hague For Adjustment—Dumba Case Goes to Austria.

(Special Dispatch to The Tribune)

Berlin, Sept. 8.—Germany's note to the United States concerning the sinking of the White Star steamer Arabic by a German submarine, was communicated to Ambassador Gerard yesterday evening. The note ascribes the destruction of the liner to an act of self defense on the part of the submarine, and expresses the German Government's deep regret that Americans lives were lost thereby.

Germany offers to refer the question of reparation to the Hague for adjustment. The note reveals in detail the instructions issued by the German Government to its submarine commanders concerning the treatment of liners. They are ordered not to attack passenger ships except in case an attempt to escape is made after it is ordered to halt or unless its action indicates the intention to attack the submarine.

The note was drafted following the return of the submarine to its base. The commander of the submarine which torpedoed the Arabic reported to his government that the Arabic's actions were such that he believed the ship was about to attack the submarine. He fired, he said, in self defense.

Washington, Sept. 8.—From information obtained, it is possible to outline in detail for the first time the probable course which the United States will take in the case of Dr. Dumba, the Austrian Ambassador.

Ambassador Penfield at Vienna will be directed to present to the Austrian Government without formal comment from the United States the Dumba letters, concerning the tying up of ammunition plants at Bethlehem and elsewhere. This will be a virtual request upon the Austrian Government to explain Ambassador Dumba's activities, or to express approval of his acts and admit they had the sanction of his government. An ample apology, it is believed will smooth over the incident.
